Subject: EPA visit to the Polacca Water System

Hello Ivan, Sharon,

I hope things are going well for you. I realize it's been some time since we've communicated about the Polacca water systems. We have had some transitions on our team this past year that have now been made permanent. Jeffery Tsai has taken over from me as the primary point of contact for Hopi drinking water systems.

I am planning a trip with Jeffery the week of March 23rd to visit and introduce Jeffery to the water systems. I wanted to see if you both would be available on March 25th to meet with us. If the 25th doesn't work, if you could let me know if you have availability later that week, that would be great. I look forward to meeting with you. Please let me know if you have any questions.

Thanks!

Emmanuelle
